**Roadrunner**  
Series

THE .045"  
**thin**  
BLADE  
THAT FILLS  
THE  
**tall**  
ORDER.

We tested the new Roadrunner .045" thin abrasive blades against the competition on a variety of metals and found that the *best lifetime /cut speed for the best price* was the Roadrunner.

**.045 THIN BLADES FOR ANGLE GRINDERS**

**ROADRUNNER**

Type 1

A slightly thicker more rigid blade with special improved abrasive grain formula for long life on more demanding cutting jobs. Use on all metals and stainless.
